

HEALTHY COMMUNITY

Improving health and well-being
for all

In south Wood and Adams Counties, many of our friends and family are working hard but still struggle to make ends meet. ALICE (Asset Limited, Income Constrained, Employed) households—35% of Wood County and 44% of Adams County—earn too much to qualify for assistance like FoodShare yet can't consistently feed their children. Seniors also face barriers to accessing the support and care they need to live independently. United Way is changing that. Together, we're helping families thrive and ensuring everyone in our community can have a healthy and independent life.

HOW UNITED WAY HELPS

Senior Support, Mental Health, Fitness, Food Access, Backpack Meals

- 1,643 seniors in south Wood and Adams Counties received support services through partner programs
